

Adani Solar Manufacturing Business
Customer Health and Safety Policy

Updated on – 15.05.2026

Version 1.1

Adani Solar Manufacturing Businesses (Mundra Solar Energy Limited, Mundra Solar PV Limited & Adani New Industries Limited {I&W, Cell and Module}) (hereafter referred to as the 'Adani Solar') considers the health and safety of its customers as paramount. We recognize our responsibility to design, manufacture, and deliver solar products that are safe for installation, use, and maintenance, thereby contributing to a secure and sustainable energy future.

As a leading solar manufacturing company, Adani Solar is committed to continuously improving the health and safety performance of its products and services for customers. This policy provides the guidelines to ensure the highest standards of customer health and safety throughout the product lifecycle.

The businesses under Adani Solar shall endeavour to:

- Comply with all applicable national and international customer health and safety regulations and standards.
- Integrate customer health and safety aspects into every stage of product design, manufacturing, packaging, and delivery.
- Implement stringent quality control measures to ensure the reliability and safety of all solar PV modules and associated components.
- Provide clear, comprehensive, and easily understandable safety instructions and guidelines for the installation, operation, and maintenance of our products.
- Promote awareness campaigns for internal teams, installers, and end-users on safe handling practices, electrical safety, and fire safety protocols related to solar products.
- Continuously research and adopt best practices and innovative technologies to enhance the safety features of our solar products.
- Collaborate with installers, partners, and regulatory bodies to ensure safe deployment and usage of solar energy solutions.

The content and robustness of implementation of this policy will be reviewed periodically and revised accordingly.
